## Economic Development

### ECONOMIC DEVELOPMENT

Southeastern Tech's Economic Development Division promotes and supports the overall mission of Southeastern Tech through community-based extension and outreach services. The program is an avenue for identifying the needs of the communities within Southeastern Tech's service area and for pinpointing ways to meet those needs. Services include continuing education, customized programs to meet an organization's specific needs, and other community-based programs and services.

- 17,060 citizens served through the economic development programs.
- 4,944 individuals utilized the catering and conferencing center.
- 11,433 local employees received customized training.
- 9,573 medical professionals and individuals received safety, emergency and medical training through the Community Training Center.

### ADULT EDUCATION

The Adult Education program at Southeastern Tech provides students the opportunity to receive a GED. From the most basic studies to English as a Second Language, the Adult Education program serves a variety of students at various levels. Southeastern Tech has an eight county service area with adult education centers in Glennville, Metter, Millen, Mount Vernon, Reidsville, Soperton, Swainsboro, Vidalia and Wrightsville. Classes and supplies are free of charge. Students who obtain their GED and go on to further their education at a technical college receive a \$500 voucher for continuing their education.

- 1,916 students enrolled
- 657 learning levels completed
- 759 GED exams administered with 547 GEDs awarded

As of December 2009, the Certified Literate Community Program served 7,680 students, thereby meeting the goal in less than ten years. Preparations are under way for the final stamp from the Georgia Council on Adult Literacy to name Montgomery, Tattnall and Toombs counties “Certified Literate Communities”.

## STC FOUNDATION

### Foundation Mission Statement

Our Mission is to partner with donors to support and invest in the students, faculty, and staff of Southeastern Technical College to build stronger communities and a better Georgia for Candler, Emanuel, Jenkins, Johnson, Montgomery, Tattnall, Toombs, and Treutlen Counties.

### Funding Priorities

- **Support Our Students**  
Over the past few years, the Foundation has awarded nearly \$100,000 in scholarship support, but the need is far greater than current funds can provide; nearly 90% of the students who attend STC qualify for assistance.
- **Establish a Registered Nursing Program and Physical Therapist Assistant Program**  
Georgia currently has a shortage of more than 9,000 nurses, pharmacists, physician assistants, and related healthcare professionals; a deficit that could grow to more than 12,000 in the next six years.

- **Supplement Adult Education Funding**  
Approximately a third of the adults 25 years of age and older in Candler, Emanuel, Jenkins, Johnson, Montgomery, Tattnall, Toombs, and Treutlen counties do not hold a high school diploma or GED.
- **Maintain and Expand High Technology Standards**  
Every educational program at STC is driven by technology and requires costly and continuous updating to provide workforce solutions for tomorrow's jobs. Annual costs to maintain the College's computer labs alone exceed \$150,000.
- **Serve the Community Through the Auditoriums**  
The College's aging auditoriums demand significant renovations and restoration in order to maintain accessibility and usage for the 33,000+ community friends who annually enjoy and participate in its programs.
